65. **Elders** ..... *are respectable* ..... It is also important to note that elders were not born elders; they were kids like us and now have grown old. A few years later, hence, we will also grow older. If today we respect them, our present and future generations will carry those values and will learn to respect us as well when we grow old.

66. **There are** ..... *some types of dictionaries* ..... *kinds*

- **Learner Dictionaries** use simple vocabulary in their definitions to help English Language Learners understand what words mean; they do limit the number of definitions they present, so they may not be the best choice for more advanced English students.
- **Bilingual Dictionaries** allow you to see the English definitions and a translation of the word into another language; however, using this type of dictionary can make it more difficult to remember the word later, since you are already familiar with the word in the other language.
- **Native English Dictionaries** will give the most definitions of a word, but not all are created equal. Choose a dictionary based on your variety of English (American vs. British, for example) that includes links to other forms of the word, example sentences of word use, and synonyms and antonyms.
